## MARLEN

Marlen stands out for its homogeneous and delicate morphology. This makes it a fantastic choice to cover walls in a warm and cosy way.

Its technical characteristics notably include its thinness, as it is part of Argenta's XS family. Despite its large 40x120cm format, it is easy to install, making it ideal for projects and major renovations.

This series is completed by an innovative decoration that gives it great versatility. It has a carefully worked and integrated relief reminiscent of traditional marquetry.

Marlen destaca por su morfología homogénea y delicada, lo que la hace una fantástica opción para revestir paredes de forma cálida y acogedora.

Entre sus características técnicas podemos destacar su espesor fino, encontrándose dentro de la familia XS de Argenta que a pesar de su gran formato de 40x120cm le confiere una facilidad de instalación ideal para proyectos y grandes reformas.

A esta serie le completa un innovador decorado que le proporciona gran versatilidad, siendo además un relieve cuidadosamente trabajado e integrado que recuerda a la tradicional marquetería.
